Technical drawing of a rectangular building plan. The overall dimensions are 24.00 ± 0.2 (width) and 10.40 ± 0.2 (depth). The drawing shows a series of columns and beams. Key dimensions include: 1.75 (top offset), 4.00 (column spacing), 2.00 (beam width), 12.00 (total width of the central section), and 11.50 ± 0.2 (width of the central section). A circular feature is labeled with a diameter of $\phi 1.55$. The drawing includes structural details of the columns and beams, showing reinforcement and connections.

PE袋
(真空包装)

Figure 1 shows the outer box (外箱) of the product. The box is open, revealing a large PE bag (大PE袋) inside. Four packets of desiccant (干燥剂4包) are also visible. The box dimensions are 365mm x 365mm x 365mm. The box features a label with technical specifications and a 'MADE IN CHINA' marking.
